

COURT REFUSES TO THROW OUT STEVENS SUIT

The motion of the borough of Gettysburg to the Adams County Court for dismissal of a petition for the appointment of viewers to assess damages to the property of John B. and Catheline D. Stevens, Carlisle St. was denied Saturday in an opinion handed down by Judge W. C. Sheely.

Viewers are directed in the opinion to begin their work at 10 a.m. on May 6.

Mr. and Mrs. Stevens filed a petition asking for the appointment of viewers to assess damages sustained by reason of the grading of Carlisle St. in front of their home by the state Highway Department, contending that the borough council adopted an ordinance on July 7, 1952, approving state plans for the re-grading of the street.

The elevation of the street was lowered, which Mr. and Mrs. Stevens contend made access to the property difficult, marred its appearance and decreased its market value.

The opinion cited that Section 511 of the highway law provides that "borough councils, by passage of a proper ordinance, may adopt the plan of the department (state highway) as and for the action of the borough in establishing the widths, lines grades and drainage structures as shown thereon and in such event, the borough shall be responsible for settlement and payment of the resultant property damages."

4,856 VISITORS TO BATTLEFIELD

An estimated 2,774 persons toured the Battlefield and National Cemetery on Saturday, including 282 in nine buses, but rainy and colder weather on Sunday reduced the number for that day to 2,082. Seven buses brought 234 persons here Sunday.

The National Park Service estimated there were 4,856 visitors over the weekend. This figure included 2,492 persons in private automobiles and 282 in the nine buses Saturday, or 2,774, and 1,849 in private cars Sunday and 234 in seven buses for a Sunday total of 2,082.

Trees and shrubbery on the Battlefield and in the National Cemetery are beginning to show green, and dogwood buds are almost ready to bloom. Redbud trees are just beginning to reveal traces of color. Park officials said warm weather and warm rains would bring buds along fast now.

The four magnolia trees in the National Cemetery have almost reached the full-bloom stage. The lawns and grass plots in the cemetery escaped winter damage, officials said, and are in excellent condition.

29 NEIGHBORS AID GARRETSON ORCHARD WORK

Twenty-nine neighbors of Donald Garretson, prominent upper Adams County fruit grower, and members of the Cooperative Fruit Growers of Adams County, surprised Mr. Garretson Sunday morning by reporting at his orchard for volunteer duty trimming peach and cherry trees, gathering brush and applying nitrate.

Twenty-five others who had planned to come failed to report because of the threatening weather. The crew of 29 worked until about 11 o'clock when rain forced an end to the good-neighbor project.

Mr. Garretson suffered a severe compound fracture of his right arm in a fall from a tractor in his orchard on March 21 and was a patient in the Warner Hospital for two weeks. Mr. Garretson was able to visit the orchard briefly Sunday morning and help direct the work of the volunteers.

The group included H. R. Grove, Russell Kennedy, Clay R. Snyder, George Stambaugh Jr., Lloyd Garretson, Daniel O. Sease, Fred Slaybaugh, Alfred Fidler, Gerald Garretson, Robert Orner, Fred Baltzley, Harold Moomaw, William Barbour, Russell Barbour, Robert Kane, Chester Ogden, Richard Mauss, Justine Horick, Blair Orner, W. O. Routsong, Robert Mauss, Harry Garretson, A. E. Sheely, Melvin Bean, Donald Peters, George Parmenter, Lima, Ohio; James Wright, John Wilson and Billy Wilson.

Luncheon was served to the group by Mrs. May Goode, Mrs. Fred Slaybaugh, Mrs. A. E. Sheely and Mrs. Donald Garretson.

Big Warship, 75 Planes Pound Enemy Targets

By STAN CARTER

SEOUL (AP)—A Texas jet ace shot down another Red jet fighter today as clear weather brought more battles between Allied Sabres and Communist MIGs.

On Sunday, Allied Sabres destroyed seven MIGs and probably destroyed another.

The ground war continued unabated on the 155-mile front. Allied soldiers and Reds mixed in 29 small fights last night and Communist staff officers today commenced arrangements for next Monday's exchange of sick and wounded prisoners.

Shell Red Targets

The battleship New Jersey returned to Korean action and unlimbered her 16-inch guns on Communist targets in Chongjin, in deep Northeast Korea. Seventy-five Navy warplanes and the cruiser Los Angeles joined in slashing Red east coast strong points, the Navy said.

The New Jersey's big guns, scoring seven direct hits in as many minutes, destroyed Chongjin's main communications building, the Navy said.

Maj. James P. Hagerstrom of Tyler, Tex., ran his MIG destruction total to 6½ in a dogfight between four Sabres and eight MIGs.

Fifth Air Force fighter-bombers hit Communist supply and personnel facilities in Northwest Korea and gave close support on the battle line.

Explorer Scouts Plan Trip To York

Members of Explorer Post 73 will journey to York on Thursday to tour the new building of the Metropolitan Edison Company, Parkway Boulevard. Transportation will leave the scout room of the Presbyterian Church at 6:30 p.m.

Other events on the Explorer post's program for the next three months include caring for the 1,000 trees planted last spring, participation in a Parents' Night program on April 29, a joint emergency service mobilization with the boy scouts of troop 73, a softball game, a spring frolic at Camp Tuckahoe and participation in the Miskif camporee and merit badge show on June 11 to 13. The post will demonstrate the music merit badge by the appearance of a band made up of its members who play a musical instrument. The three months' program will be climaxed by an expedition to the Susquehanna River late in June.

The Explorer phase of Boy Scouting is designed for boys 14 years or older. Junior leaders of Post 73 are Henry Fox, senior crew leader; William Swisher, deputy senior crew leader; William Woods and Roger Miller, crew leaders, and Ronald Collins, secretary. Robert G. Zeigler is post advisor.

365 CHURCHMEN HERE FOR SPRING RALLY SATURDAY

An address on "Evangelism" by the Rev. Dr. Clyde W. Meadows, United Brethren pastor from Chambersburg, highlighted the annual spring dinner meeting of the Men's Work Organization of the Southern District of the Church of the Brethren Saturday evening in the new Gettysburg church along the Biglerville Rd.

Setting a new attendance record that far exceeded any previous spring or fall meeting in the history of the organization, 365 men and boys were present for the affair from York, Cumberland, Franklin, Perry and Adams Counties. Ladies of the Gettysburg church served a baked ham dinner.

This Saturday the Women's Work of the district will gather at the same place for their spring session with reports on projects underway in the 32 member churches and special music on the program.

"Only Excuse For Being"

"To win people to Christ and to build people up in faith in Jesus Christ is our only excuse for being. If there's a 'major' in our church, it's evangelism," Dr. Meadows told the churchmen as he turned to the Biblical authority for the evangelistic program and described the marks of an evangelistic church.

"An evangelistic church must have a two-fold message of the terrible-ness of sin and of the glorious way of salvation. It must be a praying church and must have great concern for the people of its community. It must love people and must be a church that seeks out new people," he asserted. "Go out and get to work. It pays tremendous dividends," he concluded.

John Fitz, York, district president, presided as toastmaster. The invocation was given by the host pastor, the Rev. Robert Knechel. There was group singing led by Rev. David Markey, Carlisle pastor, and Wilbur Cassel, York Springs, president of the local unit of the Men's Work organization, extended greetings to the assemblage that taxed the dining

STUDENTS WILL SEE CAR DRIVING TESTS AND FILM

Students at Fairfield Joint High School and Delone Catholic High School will take part in auto driving tests to be held at those schools Wednesday under the direction of Wenzel Morris, safety engineer for the Farm Bureau Insurance Companies.

The safe driving demonstration and talk will take place at Fairfield at 9 a.m. and at 2 p.m. at Delone High. At Fairfield the safe driving tests will be made on Route 116 in front of the school building. The Delone demonstration will be held on Third St. Ext. in front of the school building.

The sessions will start with a movie and a talk on safety in the school auditoriums.

To Use Special Car

In the demonstrations that follow students and faculty will take turns driving a specially equipped automobile with three 38-caliber revolvers mounted on the front bumper. The revolvers fire yellow paint bullets. A red light mounted on the radiator will signal the driver to stop. At that instant, the first of the revolvers will automatically fire into the pavement. When the driver's foot hits the brake, the second round is discharged. The third goes when the car comes to a complete stop.

The distance between the first two paint spots will show the driver's "reaction distance," the distance traveled between the time an "emergency" arises and the brakes are applied. The second and third paint spots measure the distance required to stop the car after the brakes have been hit.

Tests will be conducted at 20, 30 and 40 miles per hour.

The program will be sponsored at Fairfield by the driver education program and by the Parent Teacher Association at Delone.

Following the program a party will be held.

AGED WOMAN IS RESCUED FROM BURNING HOME

A 98-year-old Bonneauville woman was carried down a ladder from a second floor bedroom by a neighbor Sunday morning when her home, a short distance east of Bonneauville, caught fire.

Bonneauville firemen said the blaze apparently started from an overheated stovepipe, between the first and second floors. It burned through several joists and through the side of the house before it was extinguished.

Mrs. Lizzie Gilbert lived alone in the house, next to the home and plumbing shop of Maurice Smith, firemen said. Mr. Smith saw smoke coming from the house at 8:45 a.m. He ran across the yards while his wife telephoned for the firemen.

Rescued From Home

Unable to find Mrs. Gilbert on the first floor and prevented by smoke and flames from gaining the second floor on the inside of the house, Mr. Smith obtained a ladder from his plumbing shop and carried Mrs. Gilbert from a porch roof window. She was taken to her rescuer's home, where she was reported today as suffering no ill effects.

Smoke was pouring from the house when the Bonneauville firemen arrived. Only water available was from a well and what was carried in the booster tank of the fire truck. Gettysburg firemen were called at 9 a.m. when it was believed the fire might get out of control.

Damage was estimated by Bonneauville firemen at \$1,000, covered by insurance.

"CALL ON ME"

Call on me when you are lonely . . . and your skies are overcast . . . and I'll give you inspiration . . . of a kind that's sure to last . . . call on me when heartaches hold you . . . with a dull and dreary pain . . . and I'll try to put some sunshine . . . in your heart that knows but rain . . . call on me if love you're seeking . . . and I'll share my love with you . . . and the dreams that have been shattered . . . I will fill with hope anew . . . I'll be waiting when you beckon . . . for I have but one desire . . . and that is to make you happy . . . with the joys that I inspire . . . so when all your plans are shipwrecked . . . and you toss on life's great sea . . . I will do my best to cheer you . . . if you'll only call on me.

Orders Post Office Clean Up, Rural Mail Box Improvement

"Clean Up Week for Post Offices" and "Rural Mailbox Improvement Week" will be held simultaneously throughout the country this week, Postmaster General Arthur E. Summerfield has announced. "Rural mailboxes which are not properly erected or in good serviceable condition retard the delivery of mail and expose it to damage from weather. "It is the desire of the Department to encourage patrons of the rural delivery service to provide suitable mail receptacles and to erect them so that they will be readily accessible to the carrier and present a neat appearance," Summerfield said. Postmasters and postal employees have been urged to join the nationwide traditional spring housecleaning program sponsored by so many communities. Specifically, Mr. Summerfield urges they spruce up and clean up all post offices, dispose of accumulated trash and waste matter, paint and renovate when necessary, and coluntarily plant shrubbery, flowers and lawns on post office grounds. Patrons of the rural delivery service are to be encouraged by rural mail carriers to provide suitable mail receptacles. The cooperation of patrons by close grouping of boxes is also being sought to assure better service and greater efficiency. "It is believed," said Mr. Summerfield, "that mail patrons, whether in the cities or rural areas, will be pleased to see our post offices spruced up and will cooperate with us in our efforts to give them more friendly and efficient service at less cost."

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times ONE HUNDRED YEARS AGO

A Card: The subscriber, having located himself in FAIRFIELD, Adams county, as a permanent place of residence, offers his professional services to the inhabitants and vicinity and most respectfully asks a share of public patronage.

Office adjoining Mr. Hill McCreary, Samuel E. Hall

Married: On the 12th inst. by Rev. E. F. Hoffheins, Mr. Joseph Herman to Miss Mary Gulden, both of Mountpleasant township.

On the 12th inst., by Rev. P. Anstaedt, Mr. Jacob Wagner to Miss Jemima Thomas, both of Middle-town, Butler township.

On the 7th inst., by Rev. D. H. Focht, Mr. John Sowers, of this county, to Miss Catherine Bluebaugh, of Franklin County.

On the 12th inst., by Rev. J. Ulrich, Mr. John Gulden to Miss Catherine Melhorn, both of this county.

On the same day, by the same, Mr. Abraham Pickes to Miss Rebecca Miller, both of this county.

On the 7th inst., by Rev. P. Anstaedt, J. H. Bowers to Miss Charlotte E. Ebert, both of Whites-town.

An Apprentice To the Coach-Smithing Business is wanted by the subscribers. One coming well recommended may obtain a good situation by making application to (Ad.) Hamersley and Frey.

Died: On Thursday morning, March 31, Mrs. Catherine, wife of David McConaughy, Esq., and daughter of George Arnold, Esq., of this borough, aged 24 years and 6 months.

Large Load of Hay: On the 31st ult., a load of hay, taken to Baltimore by Mr. Nicholas Weaver, of this place, weighed at the Western Hay Scales, 10,775 lbs. gross—tare 3,500—net 7,275.

The supplement to the act incorporating the Gettysburg Railroad Company passed the Senate finally, on the 2d inst.

SEVENTY-FIVE YEARS AGO The cool weather of April has kept back vegetation; but the last few warm days have brought out the fruit buds, and there is every indication of a bountiful yield. The peaches are damaged in some sections, while in others we hear of better prospects than were anticipated a month ago.

Local Items: Rev. Michael Snyder has been appointed postmaster at Arendtsville, vice J. P. Brennehan, resigned.

Recently while pitching horse-shoes near Mummaburg, Herman Harman was struck on the arm by a shoe, fracturing the bone.

On Monday Mr. Levi E. Bushman was engaged in carpentering at his house in Mountjoy township, and fell from the second story to the cellar, badly spraining his right arm, and inflicting other injuries of a less serious nature.

The Grand Stand in the Fair-ground, blown down some time ago, has been rebuilt.

Married: Markel-Sponseller: April 11, by Rev. W. E. Krebs, Edward A. Markel, of York county, to Miss Charlotte R. Sponseller, of this county.

Removed: John W. Tipton has removed his barber shop to Baltimore street, one door south of J. L. Schick's store.

Rev. J. H. McCord, the new minister assigned to the Methodist Episcopal Church in this place, will preach next Sunday morning and evening.

The Graeff Prize Essay was read in Christ Church on Monday night in presence of a fair audience. The subject for competitive essays by the class this year was Shakespeare's "Coriolanus," and the prize was awarded by the examining committee to George J. Benner, of Gettysburg. Coriolanus is not the most attractive of the great dramatist's productions, but Mr. Benner made the most out of it—probably more than the larger portion of his audience thought was in it. The essay was in all respects a highly credit-

able production, evincing careful study of the tragedy.

In Limbo: Veeragavara Roy, the so-called converted Brahmin, who flourished about Gettysburg a few summers ago, is in jail at Toronto, Canada, awaiting trial on a charge of bigamy. It will be recollected that he brought to Gettysburg a young wife whom he married at Philadelphia. He came here desirous of preparing for the ministry of the Lutheran church, with a view to missionary labor in his native land. Before coming to Gettysburg he had tried the Dutch Reformed and other denominations. Not being fully appreciated here, he pulled up stakes and found a lodging place for a while at Easton, in connection with Lafayette College, being just then enamored with Presbyterianism. Tiring of this, he journeyed further, and the last ecclesiastical door at which we heard of his seeking admission was the Reformed Episcopalians. He now turns up in jail in Canada. It seems that ignoring his marital relations, he concluded to take a second wife. Writing to wife No. 1, he advised her of the fact and suggested that she come to him in Canada, and live with him after the manner of the Hindoo people. Wife No. 1 went to Canada, but with a quite different conception of wifely duty, preferred a charge of bigamy against Roy and had him sent to jail. The ex-Brahmin will be forced for a while to check his fondness for ecclesiastical somersaults and to postpone indefinitely his proposed missionary labors in India.

The "greenbackers" of this county—although small in numbers—had a meeting in McConaughy's hall on Saturday, and appointed Dr. C. E. Goldsborough senatorial and W. T. King and G. T. Hudson representative delegates to their proposed State Convention. A county committee was appointed—Gettysburg, W. H. Tipton, George Mertz; Straban, Dr. C. E. Goldsborough, Borena

ALPHABETICAL TREATMENT They ordered first an E.K.G. And, speaking alphabetically, They gave me what they called B.E.

Since surgeons early risers are. They said: "At eight in the O.R. We'll decorate you with a scar."

There silence fell as in a tomb. But this I learned, past days of gloom: O.R. means operating room.

Then followed orders such as this: "Of liquids, nurse, sufficient, please. Or, otherwise C.C. IV's."

Doctors and nurses good to me, Grateful to you I'll ever be. I ran your gamut, A to Z.

Today's Talk

By GEORGE MATTHEW ADAMS

SOMETHING FOR WHICH TO WISH

It is not well for any of us to have so much that there is no desire to wish for something else. No matter what our station in life, and no matter whether we have much or little, there should be in our minds always something else for which to wish, so as to keep the mind and spirit alerted.

I came across this line in my reading: "When desire dies, fear is born." We keep enriching what we have by wishing for better things—things that will increase our knowledge and pleasure. The wish is always father to the attainment. Little wishes grow to be big ones, that so overwhelm us we gain them triumphantly!

We should happily thrive on dreams, objectives and destinations. Each has a driving force behind it. Each gives initiative, incentive and purpose. We have often had it called to our attention by a friend that he had finally got something that he "had wished for all his life." And you note the gleam in his eye as he tells you!

As a boy islands always intrigued me. I wished that some day I might have one that I could call my own for a time. It took more than forty years for that wish to come true! Those lost years of pleasure however, have been more than compensated for by the years that I have lived in happiness on my present island retreat in Nova Scotia, where so many of these talks have been written during the summer months, and where nature is always aglow with interests and beauty.

I have a little book on my desk, in which I often ask a few choice friends to write their names and a sentiment. Herb Shriner, the delightful humorist, was in my office one day and I asked him to inscribe the book. This is what he wrote: "To my friend George: Here's wishin' you all the good luck I was savin' for myself. Hoo-sierly yours, Herb Shriner."

Tomorrow Mr. Adams will talk on the subject: "Our Entertainers."

BURMESE ISSUE

STIRS U. N.; HOPE FOR EARLY PACT

UNITED NATIONS, N. Y. (AP)—With the United Nations debate on old Communist peace proposals continuing into next week, diplomatic sources predicted today that a Burmese complaint against Nationalist China will be quietly shelved until the next General Assembly meeting in September.

The United States is hopeful that a settlement of the issue—the latest hot case for the U. N.—can be arranged long before that time rolls around. The American delegation is working at top speed to smooth out the dispute and avoid a U. N. debate at the present time.

The assembly's political committee, meanwhile, continues work Monday on a Polish resolution containing the old Red peace proposals. The U. S. on Friday denounced the resolution and called for its quick rejection. The Russians and the Poles are expected to turn in long speeches early next week before a vote can be taken, but defeat of the proposal appeared certain.

New Secretary Sworn In The U. N. will go on with its work under the direction of a new secretary-general, Dag Hammarskjold of Sweden. The former Swedish deputy foreign minister was sworn in yesterday as the successor to Norway's Trygve Lie. He is the second secretary-general in the seven-year history of the international organization.

TURNPIKE CRASH

TAKES 5 LIVES

LEBANON, Pa. (AP)—Mrs. Venia Rivera, 29, of New York, was killed and four others, including the victim's husband, injured last night in an auto-tractor trailer truck collision on the Pennsylvania Turnpike. All of the injured were from New York City.

State police identified the injured, all admitted to Good Samaritan Hospital here, as:

Ralph Rivera, 30; Edward Garcia, 25, and his wife, Elena, 25, and Garcia's nephew, six-year-old Joseph Tejana. Edward Garcia was listed as critical by hospital physicians.

State police Cpl. Charles Pentz said the auto, driven by Ralph Rivera, apparently had stopped on the highway when the tractor trailer truck, driven by Charles Harkins of Daretown, N. J., rammed it from behind. The auto was pushed into an embankment.

Allenstown, Pa. (AP)—Approximately one-million dollars were donated to Israel by more than 300 Jewish leaders from Eastern Pennsylvania at the United Jewish Appeal Regional Conference here yesterday.

Dr. Max Nussbaum, Temple Israel, Hollywood, told the convention that "without the aid of American Jewry, Israel's prospects look black. Our generosity is their hope."

Village Is Moved

To Escape Commies

KUALA LUMPUR (AP)—Three hundred and forty Malays, who moved their entire village downriver on rafts two months ago from Communist-infested area in Kelantan state to a resettlement area have nearby rebuilt their bamboo and thatched homes.

The river pilgrims had floated 25 miles down the Kelantan River to Pembran, a site carved out of virgin jungle and given them by the government. By dint of hard work they have completed in two months what normally takes six.

A barbed wire fence surrounds the new village to prevent Communist guerrillas getting inside and intimidating them. Recently the villagers killed one rebel who showed up at their wire fence. The security in Pembran is so complete that man jungle folk in surrounding districts have asked if they can go and live in the village.

The Fiji Islands are made up of 250 separate islands.

GHS Trackmen Meet Trojans Here Tuesday; Adams County Baseball League Will Open

George Forney's Gettysburg High School trackmen will open their season by meeting Chambersburg here Tuesday afternoon at 3:30 o'clock in a dual meet.

The Warriors have seven lettermen on hand but several are now nursing sore muscles and are doubtful starters. Continued showery weather has wreaked havoc in conditioning drills and the local squad will be far from in its best condition.

The schedule for various events follows: 3:30—110-yard hurdles, shot put, pole vault; 3:45—100-yard dash; 3:50—880-yard relay for freshmen and sophomores; 4:00—mile run, discus broad jump; 4:15—880-yard relay; 4:30—440-yard dash; 4:45—880-yard run, javelin high jump; 5:00—220-yard dash; 5:10—mile relay for freshmen and sophomores; 5:15—mile relay.

Coach Forney has not yet decided upon many of his entries but today said the probable starters for each event will include the following: 100-yard dash, Jay Tonsel, Roger Zelen and Ronnie Williams; 220, Williams, Zelen and Stanton Musser; 110 hurdles, Musser and Terry Culp; 440, DeHaas, Musser, Paul Evans; 880, Johnny Beagle, Ronnie Miller, Jimmy Coleman, Robert Whited and John Keefe; mile, Beagle, Coleman, Sterner; shot put, John Carter, Jim Skinner, Donald Smith; discus, Carter, Skinner and Bob Bonduant; javelin, Walter Plank, Williams, Crouse, Skinner; high jump, Geoffrey Langsam, Jay Schmitt, Skinner; broad jump, Carter, Ronnie Miller, Paul Ketterman, Schmitt; pole vault, Sterner, Keefe, Crouse.

Two special freshman-sophomore events will be run. The local entry for the 880 relay will be chosen from R. Schriver, P. Schriver, Stouck, Gorman, Snyder, Tonsel, Pennington and Gifford, while the mile relay team will be selected from Westerahl, R. Schriver, Pennington, McDannell, Potter, Snyder and Weishaar.

Records for the Gettysburg-Chambersburg varsity meet are as follows: 100, William Kane, Chambersburg, 1948, 110.5; tied by Bob Hottle, Gettysburg, in 1949; 220, Sam Musser, Chambersburg, 1952, 24.4; 440, Musser, Chambersburg, 1952, 53.5; 880, Beagle, Gettysburg, 1952, 2:11.8; mile, Beagle, Gettysburg, 1952, 4:49.3; 100 hurdles, Bruce Westerahl, Gettysburg, 1949, 1:34, tied by Ken Washinger, Chambersburg, and Roy Weaver, Gettysburg, in 1951; 880 relay, Chambersburg, (Walter Stenger, Strock, Glass), 1950, 1:40.8; mile relay, Chambersburg, (Washinger, Raifsnider, Shull, Heffner), 1949, 3:44.9; broad jump, Bruce Westerahl, Gettysburg, 1949, 21 feet 11 inches; high jump, Tom McGlaughlin, Gettysburg, 1949, 5-5, tied by Ken Washinger and Fred Christman, Chambersburg, in 1950; pole vault, Jay Crouse, Gettysburg, 1951, 10 feet 2 inches; shot put, Bob Hottle, Gettysburg, 1948, 46 feet 9 inches; javelin, Stanley Teal, Chambersburg, 1952, 148 feet 2 1/2 inches; discus, Jim Skinner, Gettysburg, 1952, 135 feet 7 inches.

Tuesday will also mark the opening of the Adams County Scholastic Baseball League and all teams are scheduled for action. Games will be played throughout the season on Tuesdays and Thursdays with rain dates set for the next day.

Bud Ecker's Boiling Springs outfit is the defending champion and ranks as the favorite to retain its laurels. The Bubblers have already won 10 straight this year and have a 19-game winning streak as the result of winning their final nine contests last season.

The schedule for Tuesday includes Littlestown at Boiling Springs, Newville at York Springs, New Oxford at Biglerville, and Fairfield at East Berlin.

The Boiling Springs High School baseball team kept up its torrid pace as it laced East Berlin 17-4 in an exhibition game Saturday on the Bubblers' field.

The victory marked the 10th straight this year for the Bubblers and their 19th straight covering a two-year span.

Ted Clark rapped a triple, three doubles and a single in five appearances for the winners.

Score by innings:

East Berlin 0 0 0 0 4—4 5 5
B. Springs 6 1 1 0 9 x—17 18 1

The Mt. St. Mary's college tennis team suffered a 9-0 defeat at the hands of Catholic University of Washington, D. C., Saturday at Emmitsburg. Today the Mount baseball and tennis teams are scheduled to meet Loyola at Baltimore.

WILLIAMS GROVE, Pa. (P)—The opening auto race program of the year at Williams Grove Speedway was cancelled because of rain yesterday. The next races are scheduled for April 26.

"BEN" HOGAN WINS MASTERS; SETS RECORDS

AUGUSTA, Ga. (P)—When Ben Hogan, the little perfectionist from Texas, stepped up to accept the \$4,000 check for his record-shattering victory in the 17th Masters Golf Tournament, he said he hoped to return next year and shoot the same caliber of golf.

Byron Nelson, a fellow Texan who has acted as host player since Bob Jones retired, replied: "If Ben Hogan comes back and shoots the same caliber of golf he shot this year, he'll be out there playing all by himself."

Beats Par And Record
The 40-year-old 1951 Masters champion made the beautiful Augusta National Club course look easy with his almost faultless performance.

Not only did he slice 14 strokes off par, but he also bettered the previous tournament record by five strokes. And his 70-69-66-69—274 was the third time in Masters history that anyone has managed four sub-par rounds. Par is 36-36—72.

Lloyd Mangrum of Niles, Ill., high money winner this winter, made a nice comeback to finish third with a 282.

Second On Old Record
Ed (Porky) Oliver of Palm Springs, Calif., shot a 70 yesterday to match the old record of 279 and finish second.

Oliver pocketed \$2,500 and Mangrum \$1,700 when prize money in the \$10,000 tournament was doubled all the way down the line.

Bob Hamilton of Evansville, Ind., was fourth with 283, good for \$1,400. Chick Harbert of Detroit and Tommy Bolt of Maplewood, N. J., tied for fifth with 285, \$900 each, and Ted Kroll of Hartford, N. Y., had 286 for seventh and \$700. Harvie Ward Jr. of Atlanta and Frank Stranahan of Toledo tied for low amateur honors with 291.

Defending Champion Sam Snead of White Sulphur Springs, W. Va., had a 292 total and a tie for 16th.

IDAHO STATE BOXERS WIN

POCATELLO (P)—Idaho State College boxers slugged their way to three individual titles Saturday night as the Bengals won the National Intercollegiate boxing championship.

The three wins in the final round gave the host Idaho State team 25 points. Defending champion Wisconsin claimed two titles and second place with 19 points. Louisiana State was third with 16.

Michigan State, North Carolina A & T and San Jose State each notched 10 points. Other team scores: Penn State 8; Washington State 5; California, South Carolina and Virginia, 4 each; Maryland 3; and California Poly, Idaho, Minnesota and Syracuse, 1 each.

Idaho State's crowns were won by Olympic boxer Ellisworth (Spider) Webb, 156 pounds; Vic Kober, 119 pounds, and Paddy Garver, 132 pounds.

Ray Zale, 176-pounder, and Pat Sreenan, 147-pounder, won championships for Wisconsin.

365 CHURCHMEN

(Continued from Page 1)
hall of the new church nearly to capacity.

A Gettysburg quartet including Charles Boyer, Sterling Singley, J. Kermit Herter and the Rev. Robert Knechtel sang several selections without accompaniment and there were several numbers by a district men's chorus.

Secretary-Treasurer Ron Roland, Hanover, gave the district treasurer's report.

David Roth, Loysville, reported on the help the Men's Work has given the Old Folks Home project and said \$1,800 has been raised toward the \$2,500 goal for providing one room at the Cross Keys home.

District Vice President B. Frank Heckman, Waynesboro, announced plans for a Men's Work Retreat at Camp Swatara on May 16 and 17.

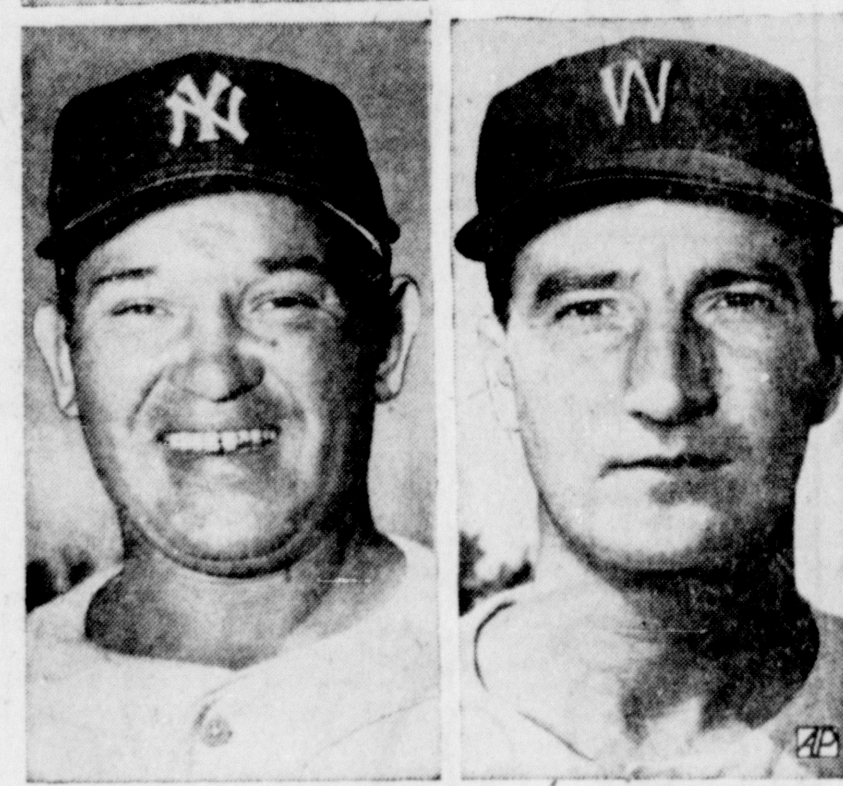

A three-district mass meeting July 12 at Camp Swatara was announced by Ralph Clapper, Huntsdale, a member of the district cabinet.

\$336 In Offering
Ray Fyock, Harrisburg, president of Eastern District and of the Pennsylvania Region, told the men about preparations for the regional conference in the fall. Arrangements for a Youth Rally April 19 at Three Springs Church in Perry County were described by the Rev. Mr. Markey.

The closing prayer was given by the Rev. Mr. Guy West, York, pastoral adviser for the district organization.

It was announced after the meeting that the offering received during the evening for the Men's Work treasury totaled \$336.

Opening Day Pitchers

These are four men named to pitch the opening games in National and American Leagues today. At top are Bud Podbielan, left, of Cincinnati and Max Surkont of Milwaukee. Below are Allie Reynolds, left, of New York and Bob Porterfield of Washington. Milwaukee Braves will play at Cincinnati in National League curtain raiser and the Yanks will meet the Senators in nation's capital to get American League season under way.

BULLETS SNARE 1ST TRACK WIN IN TWO YEARS

Gettysburg College's track team got off to an auspicious start here Saturday afternoon by defeating Johns Hopkins University 70-52 in a dual meet.

Les Eckman, sophomore, was the outstanding performer via victories in the high jump, 120-yard high hurdles and 220 low hurdles.

Other first places for the Bullets were gained by Don Griesel, two-mile run; "Chick" Bublin, pole vault; Ron Jacobi, discus; Bob Hottle, shotput, and Stambaugh, javelin.

The Blue Jays had two double winners, Don Manger and Richard Martin. Manger, Middle Atlantic mile champion, took the mile and 880 while Martin captured the 220 and 440.

Saturday's triumph was the first Gettysburg track triumph in two seasons.

Next Saturday Coach Johnny Yovicsin's cindermen will meet Lehigh and Muhlenberg here in a triangular affair.

Defending Champs Picked To Retain Major Leagues Titles This Year As Schedules Open

NEW YORK (P)—Cincinnati had the baseball scene all to itself today for its opening game with Milwaukee after rain washed out the scheduled New York Yankee-Washington opener at Griffith Stadium.

The Yankees now will start their bid for an unprecedented fifth straight pennant at the Yankee Stadium tomorrow against the Philadelphia A's.

Washington rescheduled today's game and opening ceremonies for Thursday at 2:00 p.m. EST, as part of a day-night double-header.

By JOE REICHLER

NEW YORK (P)—Washington and Cincinnati, noted for their early starts and lagging finishes, beat the gun again today as they inaugurate another major league season that promises to provide special interest for the nation's baseball fans.

The World Champion New York Yankees and Defending National League Champion Brooklyn Dodgers, the choice of the experts and betting commissioners alike, ruled heavy favorites to repeat.

Cleveland and Chicago in the American and New York, Philadelphia and St. Louis in the National were given outside chances to pull up-sets.

Expect 30,000
In today's only American League game, Washington was scheduled to engage the Yankees at the nation's capital, where Vice President Nixon subs for President Eisenhower in throwing out the first ball.

A crowd of 30,000 was expected to be on hand to see whether the Yankees can get off on the right foot in their bid for an unprecedented fifth straight pennant.

Allie Reynolds (20-8), the Yankees' brilliant right-hander, was to oppose Bob Porterfield (13-14), who once toiled for the New Yorkers.

A capacity crowd of some 30,000 was scheduled for Cincinnati's Crosley Field to welcome the Milwaukee Braves back into the big leagues. Milwaukee, in an astonishing franchise shift from Boston, returns after an absence of 50 years.

It was a member of the American League in 1901 only to relinquish its franchise to the St. Louis Browns the following year.

Full Schedule Tuesday
Manager Charley Grimm of the Braves planned to pitch right-hander Max Surkont (12-13) against Cincinnati while Rogers Hornsby of the Redlegs decided on Clarence (Bud) Podbielan (5-5).

All teams swing into action tomorrow when eight games are expected to attract some 231,000 spectators, and bring the total attendance up to 291,000 for the 10 openers. The record opening day attendance was set in the lush 1948 days when 331,783 watched 10 inaugurals. Last year, eight openers drew 175,322 fans.

6th Game Tuesday
That particular play was a tough break for Pittsburgh, because Mayer had just a few minutes before been hit in the face by a flying puck.

expected to attract some 231,000 spectators, and bring the total attendance up to 291,000 for the 10 openers. The record opening day attendance was set in the lush 1948 days when 331,783 watched 10 inaugurals. Last year, eight openers drew 175,322 fans.

AMMO PROBE SHOWS LACK OF GOOD BUSINESS, SENATOR SAYS

WASHINGTON (AP)—Sen. Byrd (D-Va.) predicted today the entire management set-up in the armed services will be overhauled as a result of a Senate investigation of ammunition shortages in Korea.

The Virginian said the ammunition inquiry has revealed an unbelievable lack of good business management.

He said he was convinced businessmen should be put in charge of handling military contracts and deliveries of goods. The military would still have the right to "say what they need," he added.

Byrd went on to say in an interview he was convinced the people of the nation "are thoroughly disgusted with the business management of the armed services." He said he was confident the new secretary of the Army, Robert Stevens, would get results in his department.

Byrd's remarks grew out of a Senate armed services subcommittee inquiry which has revealed there was no real ammunition production in this country until two years after the Korean War began.

Testimony has been given that during this two-year period, the Army used reserve stocks left over from World War II and seriously depleted these stocks in certain types of shells.

"No Excuse Anywhere"

On Friday Byrd said that, if the military leaders "conducted everything as they have this ammunition shortage, the country can have no confidence of security." Byrd followed this up in his interview by saying there was some excuse for failure to get ammunition production going in the first six months of the war. He conceded at that time there was a general feeling the war would be a short one.

Then he added: "But after the Chinese Communists entered the war in November, 1950, there was no excuse anywhere."

Doctor Draft Call Reduced To 200

WASHINGTON (AP)—The Defense Department has cut its May doctor draft quota from 400 to 200, but ordered 266 doctors and 145 dentists was left at 195.

Selective Service said it was ordering local draft boards to stop physical examinations and inductions of "Priority 3" doctors born before Aug. 31, 1922. The priority includes those who had no world War II service and received no government aid in their medical education.

The announced quotas bring to 5,212 the number of doctors drafted and to 2,666 the number of dentists obtained or requested through Selective Service since July, 1951.

NO "ROVING CONSTABLES"

HARRISBURG (AP)—The Pennsylvania Magistrates Association has thrown its full support behind a Senate bill which would do away with the so-called "roving constables."

The measure, sponsored by Sen. Robert D. Fleming (R-Allegheny), would limit the authority of deputy constables to the territory in which they are deputized.

Texas Hill Is Lost To Chinese For 9th Time

SEOUL (AP)—Two Chinese Communist companies, about 350 men, Saturday drove South Korean infantrymen off Texas Hill, a shell-pitted 2,000 foot Korean peak which has changed hands nine times in the past week.

The ROKs hurled two counter-attacks against the hill after dawn, but both were beaten back, an Eighth Army briefing officer said.

The Chinese attacked with burp guns, hand grenades, mortar and artillery less than 12 hours after losing the hill in the furious see-saw battle which has raged almost continuously since Sunday.

The Texas Hill fight was the only major action along the 155-mile battle front as negotiators in Panmunjom signed an agreement for exchanging sick and wounded prisoners which could pave the way to a Korean truce.

Friday night, B29s from Okinawa bombed a 115-acre Communist supply dump near Sinanju, leaving it a mass of flames. The dump had been left untouched for weeks while the Reds stocked it with valuable war material.

Four U. N. planes were lost behind enemy lines during the past week. One of the four—the first U. S. Sabre jet lost in air combat since March 13—was piloted by a double MIG ace, Capt. Harold Fischer Jr., of Sea City, Iowa. Fischer failed to return from his 70th combat mission Tuesday and the Communist radio has said he was captured after parachuting from his crippled plane.

SENATE GROUP ASKS SHAKEUP IN STATE DEPT.

By EDWIN B. HAAKINSON
WASHINGTON (AP)—Sen. Mundt (R-SD) said today a group of Republican senators will insist on a sweeping shakeup of top-level policy-making officials in the State Department.

"It's not a question of loyalty or security," Mundt said in an interview. "We promised a change in the last campaign but an alarming number of the old Acheson team still hold most of the top posts."

Mundt said the demand will have the support of Senators Bridges (R-NH), McCarthy (R-Wis), Ferguson (R-Mich) and other members of the Senate Appropriations Committee.

Showdown May Come
A face-to-face showdown on this issue may come when Secretary of State Dulles appears before the committee to support the State Department's request for millions of dollars in funds.

In testimony before a House appropriations subcommittee March 18, made public yesterday, Dulles said the Eisenhower administration may shift a substantial share of American aid from Western Europe to the Far East.

Mundt said he and other senators have been studying telephone directories of the State Department.

"With the exception of a handful of new top officials, it's the same old lineup," he said.

"We were told there would be a sharp change in foreign policy and that we would move forward with Eisenhower."

"And yet scores, perhaps hundreds of these top officials, who are not under civil service, are the same ones who made policy for Acheson and Truman."

"It should be an interesting session with Secretary Dulles."

Merwin Hodel, recently signed by the New York football Giants, scored 28 touchdowns in his three-year career at Colorado.

Arrest Holdup Men Hour After Robbery

FROSTBURG, Md. (AP)—Two armed holdup men got \$80 Friday from a frightened filling station attendant. An hour later police

picked up the pair at Uniontown, Pa., 47 miles away.

Arrested were Floyd M. Fisher, about 28, and Kenneth Strayer, about 31, both of Philadelphia. William F. Baker, criminal investigator for the Maryland state po-

lice, said the men agreed to waive extradition and will be returned to Maryland to face armed robbery charges.

More Butter Given For School Lunches

WASHINGTON (AP)—The government is giving another 50 million pounds of butter, out of its 143 million pound supply, to the school

lunch program and charitable institutions.

The Agriculture Department bought the butter in recent months under a dairy price support program. In January it gave 24 million pounds to the same agencies.

PRESIDENT TO TAKE VACATION AT AUGUSTA, GA.

By MARVIN L. ARROWSMITH
WASHINGTON (AP)—President Eisenhower flies to Augusta, Ga., today for a vacation of golf—and some quiet work on a major speech reportedly dealing with foreign policy.

The Chief Executive and Mrs. Eisenhower planned to leave aboard the presidential plane Columbine about 11 a.m.

Making the trip, too, were the Eisenhower's three grandchildren—David, 5, Barbara Anne, 3, and Susan, 1—their mother, Mrs. John Eisenhower, and the first lady's mother, Mrs. John S. Dowd.

Staff Goes Along
A small staff of White House aides also was accompanying the President.

He plans to stay at least a week at the Augusta National Golf Club on his third visit here since the November election and his second as president.

Eisenhower will interrupt his vacation Thursday to fly back to Washington to address a luncheon meeting of the American Society of Newspaper Editors. The importance of the speech is under-

scored by arrangements for television and radio broadcast on all national networks.

The White House said Eisenhower plans to work on the speech in Augusta between rounds of golf. The theme is understood to be foreign policy, and there have been reports the President may set forth a specific program designed to test the sincerity of Russian peace overtures.

Mission For Milton
Eisenhower has said he is accepting those overtures at face value so long as the Soviet Union does nothing to discredit them. But he said in a speech yesterday that Communist forces threaten the Western Hemisphere and "strike at the very ideals by which our people live."

In the same speech, the President announced that he is sending his brother, Dr. Milton S. Eisenhower, president of Pennsylvania State College, to visit a number of Latin-American countries.

The President said he is anxious that the U. S. "be fully informed of the economic and social conditions now prevailing throughout our continent and of all the efforts being pressed to bring a better life to all our peoples."

Although bacteria can reproduce very rapidly, such reproduction usually is curtailed in a short time because the acid byproducts of such multiplication hamper its continuance.

"LEFT WINGERS" ATTACKED BY NEW GOP HEAD

WASHINGTON (AP)—Republican National Chairman Leonard W. Hall was at war today with "left wingers" he said are firing at President Eisenhower and Congress as a prelude to next year's congressional election battle.

Hall, unanimously elected chairman by the GOP committee on Friday to succeed C. Wesley Roberts who resigned, told his party colleagues not to expect any "overnight miracles."

It will take a long time, the new chairman said, to bring the Eisenhower program into being, and establish the Republicans as a true majority party that can elect a president in 1956—preferably Eisenhower again.

He Stayed Neutral
Eisenhower, who chatted briefly with the committee members at the White House, had preserved neutrality throughout the selection of Hall, boomed primarily by House Speaker Martin of Massachusetts. But it was common knowledge that Hall had been suggested as a competent man by the President, with whom he traveled during last year's presidential campaign.

Some Westerners protested ineffectively against the choice of a New Yorker, but they acceded to the President's wishes.

Hall, 52, served 14 years in Congress and is a former chairman of the GOP Congressional Campaign Committee, which assists the election of Republican House members.

Instead of campaigning for reelection last fall, he sought and won election as a surrogate, or judge of wills, in Nassau County, Long Island. He said he will quit this \$30,000 a year job and will take no salary as GOP chairman, relying for income on his law firm at Oyster Bay on Long Island.

Roberts was paid at the rate of \$32,500 a year for the less than three months he was chairman. He resigned after a Kansas legislative committee ruled he violated at least the spirit of the state anti-lobbying law in helping to sell a hospital to the state.

Roberts had no party or government job at the time. He denied any wrongdoing, blamed the incident on factional difficulties, but said he felt his activities as party chairman were impaired.

Pennsylvanian Is Governor of Alaska

JUNEAU, Alaska (AP)—A native Pennsylvanian is in the territorial governor's seat here today after serving 34 of his 64 years as a supervisor of Alaska's forests.

Sworn in at a Juneau theater on Friday, N. Frank Heintzelman, a native of Fayetteville, Pa., pledged aggressive action for industrial development of the territory.

The first Republican governor in 20 years, Heintzelman also recommended drafting of a preliminary constitution as part of a general study of the statehood issue.

Heintzelman succeeds Ernest Gruening, who served three terms following his first appointment by the late President Roosevelt 13 years ago.

Appointment of the new governor by President Eisenhower was confirmed by the U. S. Senate.

In his inaugural address, Heintzelman also called for a detailed study of the government costs involved if Alaska should become a state and of possible sources of added revenue.

Mario Lanza To Give Facts About "Firing"

HOLLYWOOD (AP)—Mario Lanza, fired yesterday by MGM, says that "at the proper time and before the proper forum, all of the details will be revealed. I am confident that the decision will be in my favor."

Studio head Dore Schary said in announcing the tenor's dismissal: "Lanza has been shown every consideration over the months of the GOP Congressional Campaign Committee, which assists the election of Republican House members."

The frequent postponements over the past year have cost the studio \$800,000, Schary estimated. He said Lanza made demands not covered by his contract after being given his choice of starting dates, April 13 or May 5, for the picture. Schary said this was the main reason for ending Lanza's contract.

Members expressed strong belief in Roberts' integrity in accepting his resignation.

The Democratic National Committee released, coincident with Hall's election, what it called a "full account of head on conflicts" between Eisenhower's views and Hall's voting in Congress. Cited particularly was a vote last year for a two-billion-dollar cut in foreign aid after Eisenhower had said a reduction of more than one billion might endanger essential defense preparations in Europe.

WILL IT MAKE MONEY TO PAY INCOME TAXES?

CLEVELAND (AP)—A Bell Telephone scientist says there are plans for a machine which could reproduce itself.

Clause E. Shannon of the Bell Laboratories discussing computers at Case Institute of Technology's 75th anniversary celebration "hastened" to add "this fascinating but somewhat sinister type of machine is not yet in production."

A mathematician, he said, has set up an abstract mathematical model for machines which will "collect parts from its environment and assemble them to produce a second machine of the same type, which then starts collecting parts to construct a third machine and so ad infinitum."

Computers, he said, differ from adding machines in that they are faster, have large "internal memories" and can be programmed—they can be instructed so that they can make a choice or decision among various lines of behavior.

Can't Write Poetry
"The choice," Shannon continued, "is ordinarily determined by results that the machine will have available only when the time comes to make the choice"—a time which the man running the gadget can't foresee.

Computers of this kind can be "set up to play various games with a certain amount of skill, games of the complexity of bridge or chess."

Another machine described by Shannon can do grocery store shopping "efficiently."

Demonstrations At Prison Taper Off

STILLWATER, Minn. (AP)—Officials at the Minnesota State Prison maintained quiet watchfulness today as demonstrations by disgruntled convicts tapered off to a few shouts.

More than 800 prisoners were held in their cells for the third day. This morning's breakfast marked the sixth meal they missed since the rebellion started Saturday.

H. S. T. Sends Wreath To Roosevelt Grave

HYDE PARK, N. Y. (AP)—Former President Truman sent a wreath for the eighth anniversary of the death of President Franklin D. Roosevelt.

The wreath was placed on the President's grave yesterday by his widow during ceremonies commemorating the anniversary. Truman is vacationing in Hawaii.

About 300 persons gathered for

still ahead, Shannon concluded, are in artistic creation and aesthetic evaluation. In other words, "it will certainly be centuries rather than decades before machines are writing Shakespearean sonnets or Beethoven symphonies."

Garden And Building News

The Monterey; Attractive Suburban, 4 Bedrooms

Rooms	Eight
Bedrooms	Four
Closets	Nine
Cubage	
House	29,350 sq. ft.
Garage	4,000 sq. ft.
Dimensions	
House	39'x25'
Garage	20'x19'6"

Open arches at both sides of the entry hall lead into the living room and dining room. Stairs to both the second story and to the cellar open off this hall. The entry hall leads to another hallway, connecting with the kitchen, lavatory and living room.

Small closets, located at the left and right of the front doorway, open into the entry hall.

Occupying the entire left wing on the first floor, the living room is 25' x 13' in dimensions. Three windows in the front and back walls plus two windows, flanking the fireplace, in the left wall assure you of good light and ventilation for this spacious room.

Placed to the right, off the entry hall, the dining room measures 13' x 12'. This room too is assured of good light and ventilation with three windows in its front wall and another window in the right wall.

Planned as a work and step saver, the all modern kitchen still has sufficient space for a cozy breakfast nook in the left front corner of the room. Working counters, cabinets and cupboards are placed in an arrangement extending from the refrigerator, against the left wall, to the stove, against the right wall.

The sink is centered in the line of working counters under the double windows in the back wall. A doorway in the right wall of the kitchen leads directly into the two-car garage. 20' x 19'6" in dimensions, the garage also can be reached through a doorway in its back wall. Containing plenty of room for overhead storage, the garage can be converted to a one-car garage if desired.

Access to the back yard is provided by the door at the end of a central hall leading from the hallway connecting the kitchen with the other rooms in the house—actually this hallway is the end of the entry hall, which extends through the center of the first floor.

Four bedrooms occupy most of the second story of "The Monterey." Designed to serve as the master bedroom, the largest of the rooms measures 13' x 12' and is located in the left front corner of the house. Cross ventilation and good light is provided by the window in the left wall and the French window looking out on the balcony.

Second Floor
In this bedroom, as in the right front bedroom, the French window can be made into a door, if you prefer, without ruining the architecture of the house. Ample storage space is provided in each of the bedrooms for they all have good sized closets. Cross ventilation, too, is featured in every bedroom in "The Monterey."

Both back bedrooms measure 11'6" x 10'6" while the right front bedroom is 12 feet square in dimensions. Inclusion of both a lavatory and a regular bathroom in the plan of the second floor does much to relieve bathroom congestion—particularly in the morning when Pop is dashing off to work and the youngsters off to school.

Receiving ample light through the one window in its back wall, the bathroom is large enough to contain both a tub and a shower. Placed next to the bathroom, the lavatory contains a shower. This room also has one window in its back wall.

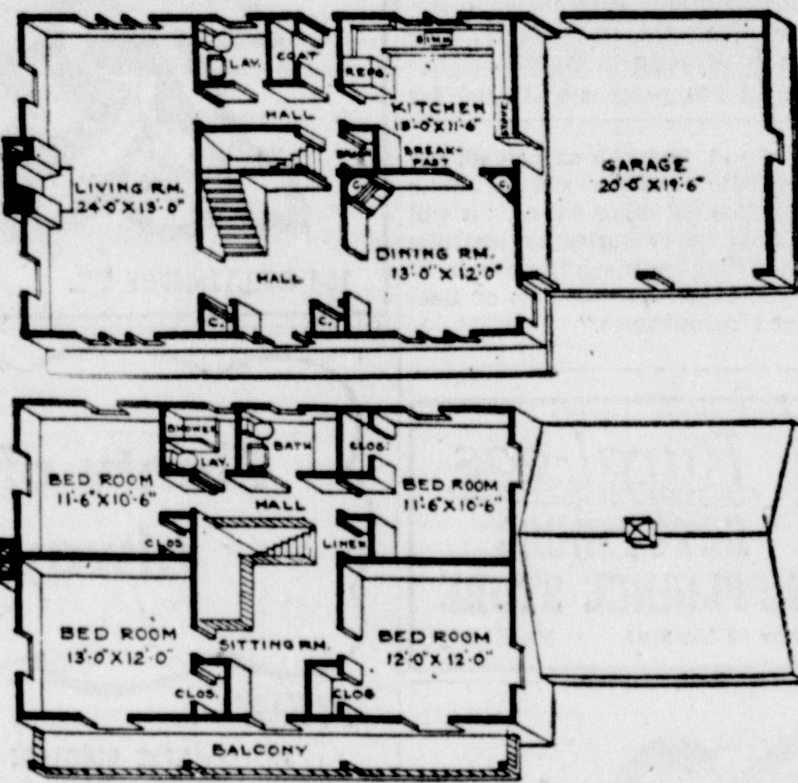

Located between the two bedrooms in the right wing of the house, the linen closet is large enough to hold a good supply of fresh linen for all the bedrooms. The open area, located between the two front bedrooms and lighted by a window facing the balcony, can be made into a sitting room, sewing room or put whatever use you prefer.

In the basement of "The Monterey" the heating equipment should be placed under the living room; the laundry under the kitchen. The rest of the cellar area is yours to do with as you wish.

Blueprints Available
Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

For plan prices, write to the Home Building Editor, Dept. 18, The Gettysburg Times and enclose a self-addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

On The House

By DAVID G. BAREUTHER

The Associated Press

THE LUXURY of wood paneling, once restricted by its cost to baronial halls and mansions of the wealthy, has been brought within the reach of almost every home owner by fancy wood veneers on modern plywood.

Light colored, cheerful and beautifully grained veneer plywoods have broadened the field of interior decoration as extensively as they have rejuvenated furniture design. Wide varieties of rare, exotic and distinctively grained woods used for the surfaces of these modern panels offer a big range for your choice.

You no longer are limited to either dark and somber old style oak and walnut walls or to definitely informal knotty pine and cypress boards. The same swirls and natural growth markings that distinguish blond furniture can now decorate your walls. Virtually pastel tints serve to spread light combined with the soft warmth of real wood.

A home craftsman, reasonably skilled in the use of his wood-working tools, finds it easy to panel a room. Veneer plywoods in 4 by 8-foot sheets can be put up right over old plaster and nailed through to the studs, or superimposed on leveled furring strips. In new work the paneling can be nailed directly to the framing, providing a quick and sturdy dry wall. Joints between panels are V-beveled or covered with molding.

NOVELTY TEXTURES have further widened selections in plywood veneers. Previously described in this department was the striated surface with fine straight grooves. When cut into precision measured and beveled squares or tiles, this material produced fascinating patterns enhanced by highlights and shadows.

Now a new texture has been developed, taking advantage of nature and emulating the grain of the wood. This is accomplished by running the panels through a machine with power driven metal brushes. The soft spring growth in the wood is slightly gouged out, leaving the harder summer growth standing out in raised contrast.

We seldom realize that the intricate grain patterns we see on fine furniture were created by the speeding up and slowing down in the growth of a tree. When a log is sawed straight across, the rings of annual growth are easy to see. When the log is split into boards, the rings are shown in stripes or waves. The light colored part represents fast spring growth—the dark shows the slower, denser summer growth.

By processing a slice of such wood under metal brushes, the depth of brushing is kept to a minimum so that the wood grain

is brought out in subtle relief, while the surface still remains relatively smooth. The result is a texture that catches light from any direction and displays a sharp pattern in shadows.

THIS TYPE of plywood, known as Wedge Wood, is made with a surface of old-growth Western upland hemlock. The raw logs are selected for their relatively tight grain, brought about by slow growth. The surface is resin sealed and slightly pigmented with white in manufacture. This reduces porosity to a point where one coat of paint will cover.

Striking finishes can be obtained with stains, lacquers or two-tone paint wiping. In the latter process either a light or dark tone is applied, then a contrasting or complementary shade for a second coat is wiped off, accenting the texture of the grain.

The Georgia-Pacific Plywood Co. reports that tests have shown that all knots remaining in the thinly sliced veneer will stay put. Those that drop out in manufacture are replaced with plastic, which is grained to simulate natural knots, and the complete material is cured in a hot press.

WOOD VENEER is about as old as the pyramids, but its development on split-resistant, hot pressed plywood with waterproof adhesives came about since the 1930s. These modern improvements not only have made veneers practical and durable but have given us the use of fine wood for places where we never could have used it otherwise.

Although thin sheets of decorative wood were shaved or split off and glued to blocks of lesser woods in the days of Egypt's pharaohs more than 3,000 years ago, the result was not plywood. There were no balancing cross-grain layers to distribute strength and combat shrinkage and warpage.

The complete history of plywood was outlined by Thomas D. Perry in a symposium on wood at the Centennial of Engineering Convention last fall in Chicago. Anyone interested in the technical story of wood can get a copy of the entire symposium report from the Timber Engineering Co., 1319 Eighteenth St., Washington 6, D. C.

Things Of The Soil

BORDEAUX MIXTURE FACTS
Bordeaux mixture is not a cure-all. It is solely a fungicide. This means it will, if properly applied in the proper strength and at the proper time, prevent or curb fungous diseases of plants. It is not an insecticide. It does not n any degree reduce or check such virus diseases as mosaic or diseases not belonging to the fungus-caused group. Over and over at this time of the year the fact should be stressed that Bordeaux Mixture is solely a fungicide.

To reduce the advice to simpler language it is necessary to understand what a fungous disease is and how such diseases affect a plant. A fungus is a tiny organism known as a spore. It is blown to the surface of a plant leaf by the wind or in some cases actually shot from the over-wintering form. On the leaf the spore penetrates the covering membrane and inside the sap canals begins to extend itself by thread-like growths. These rapidly branch and re-branch until the sap channels are clogged. Of course, these fungi feed on the sap intended to sustain the leaf. Thus the leaf tissues actually starve, turn yellow, wither, and eventually die.

Blights of tomatoes and potatoes, mildews, anthracnose of beans, rust of roses, damping-off, blackleg of cabbage, leaf spot of cucumbers, blight of celery, pod spot of peas, potato scab, black rot of grapes, snapdragon rust, and red stele of strawberries are a few of the scores of common fungous diseases affecting fruit, vegetable and ornamental plants.

It is important to know how Bordeaux mixture acts to prevent a fungous disease. Of course, after the thread-like fungi gain entrance into the sap canals of the leaf they are beyond reach of any sprays or dusts to control them. Therefore, combat must take place before the spores enter. In this manner Bordeaux mixture or other fungicides operate in a prevention role—they destroy the spores soon after they light on the leaf and before they enter the tissues.

Bordeaux mixture gains this end effectively and economically. Its effects are not confined to the immediate contact of the copper with the spore but the residue remains several days to destroy fungi that may alight later after the application.

In cases where insects are present when Bordeaux mixture is applied to prevent a fungous disease, a suitable insecticide may be added to the fungicide. For examples, when Bordeaux mixture is applied to prevent black rot of grapes and aphids are present, Black Leaf 40 may be added to the spray to kill the lice. Or if Colorado beetles infest potato plants when Bordeaux mixture is applied to prevent blight, calcium arsenate or other suitable stomach poison may be added to the fungicide.

With potatoes the use of Bordeaux mixture not only prevents early and late blights, but in addition the spray apparently imparts a cooling effect to the foliage that actually benefits plant growth beyond the scope of disease prevention.

Again, it must be emphasized over and over that Bordeaux mixture is not a lawn and garden cure-all. Like a medicine prescribed by a physician, it serves one main purpose. And because the particular medicine relieves a stomach disorder, it should not be haphazardly taken for broken arches or to prevent measles. The wise gardener will learn in advance the roles for which this excellent fungicide is intended.

HELD IN RUG THEFTS
PHILADELPHIA (AP)—State police have arrested five men on charges of looting a suburban Media factory of thousands of dollars worth of rugs.

The men, arrested Saturday at their homes, were identified by state police as Addison Durham, 45, Springfield; Frank Dombrowski, 50, Glen Mills R. 1; Jess Tenney, 36, Chester; Lawrence Robbins, 30, Chester; and Dallas J. Greer, 35, Easton Manor.

For Big Crop Of Vitamins Grow Garden Of Greens

Never Let Swiss Chard Leaves Grow Taller Than 10 Inches

Green, leafy foods rich in Vitamin A are easily provided in abundance by the home garden. Infact, the gardener must be on guard against too great abundance, so efficient are they. Small plantings of several kinds are advisable, so that the family will not become "fed-up" with one kind served too often.

You can leave spinach out entirely, if the family insists, and still provide a tempting selection of various greens, most of which make welcome ingredients in bowl salad as well as tasty cooked dishes.

Most widely grown are Swiss chard and New Zealand spinach. Chard is an ancient vegetable, probably the first form of beet

to be grown for food, while New Zealand spinach is relatively modern, having been discovered as a wild plant in New Zealand, where the natives did not eat it. It became popular in Britain long before its vitamin content was known. Its flavor resembles that of spinach.

It has large, hard seed, which some have difficulty growing; but grows well if sown in the early spring, as soon as the soil has been prepared. Seeds often live over winter and come up in the spring, and the plant is hardy in spite of a tropical origin. But it is easily overdone; since one plant fills a bushel basket, and when the tips of its leaves are cut off for use, new tips grow rapidly, and

the harvest continues until late in the fall.
Swiss chard should be used when the leaves are young, not over ten inches in height. Sown with the earliest crops, it will be ready to cut in a month, and new leaves will grow to replace those that are cut. Chard has a distinctive flavor which many prefer to spinach, and children usually like it better.

The mustard family provides several varieties of greens. One known as Tendergreen will produce edible leaves in 21 days from sowing, and if the roots are left undisturbed will produce eight or nine crops in the season. All the mustards are quick growing, and are much esteemed in the southern states.

Garden sorrel is a hardy perennial, which will live over winter and produce greens. It does best in light shade.

Kale is a fall and winter plant. Sown in June, the plants set out in rows two feet apart, they will produce leaves which stand freezing, and are improved in flavor by the experience. Collards are a member of the cabbage family which do not make heads, but

leaves with cabbage flavor. All these varieties of greens are rich in minerals and vitamins, and are valuable in the diet and produce a surprising quantity of food on small space.

GERMANS SEEK SPY SUSPECTS

BONN, Germany (AP)—West German police pushed a nationwide manhunt today for four suspects still at large in connection with a big Russian-directed spy ring which was reported smashed last week.

Thirty-nine Germans already have been arrested on charges of collecting industrial and military secrets for the Soviets.

One of these hanged himself in jail cell at Essen last Friday. Acting Chancellor Franz Blucher described the operation as the "biggest and most dangerous Russian espionage ring uncovered since the war."

Arrest warrants for four persons are still outstanding. Police suspect they may have fled to Russian-occupied East Germany.

The Federal Justice Ministry said arraignment of the suspects might take weeks as police sift evidence against them.
